

AVIATION FUEL

QUALITY CONTROL CONSUMABLES

Principal Consumables.

| Category | Description | Part Number |
|-----------------------|---|-------------|
| Principal Consumables | Water Detector Capsules | 0902000110 |
| Principal Consumables | Syringe, 5ml Nylon, reusable, for use with water detector capsules | 0902000120 |
| Principal Consumables | Water finding paper, 3/8" wide by 5.1/2" long | 0902000130 |
| Principal Consumables | Water finding paste, Kolor Kut | 0905003908 |
| Principal Consumables | Single test membranes, Colourmetric contamination testing, complete with support pads, GTP1983 | 6002198300 |
| Principal Consumables | Plastic monitors, non castellated, loaded with single membranes for Colourmetric testing and support pads, GTP1985 | 6002198500 |
| Principal Consumables | Plastic monitors, non castellated, loaded with Matched Weight membranes for Gravimetric testing and support pads, GTP1986 | 6002198600 |
| Principal Consumables | ASTM colour standards book | 6002107401 |
| Principal Consumables | Glass jar, square, 3.5 litre capacity, clear, wide neck, with screw cap and seal | 0902000030 |
| Principal Consumables | Special packing for glass jar | 0902000031 |
| Principal Consumables | Wire cage for 3.5 litre glass jar, plastic coated, with carrying handle | 0902000040 |
| Principal Consumables | Stainless Steel bucket, 12 litre, with base ring, graduated, with bonding wire and clip | 0902000006 |
| Principal Consumables | Sample retention container, 1 litre, cylindrical, Tinplate epoxy lined internally, 2" Trisure closure, IATA approved | 0902000050 |
| Principal Consumables | Sample retention container, 5 litre, cylindrical, Tinplate epoxy lined internally, 2" Trisure closure, IATA approved | 0902000060 |
| Principal Consumables | Hydrometer, BS718 M50SP, 0.775 to 0.825, Jet A1, complete with C of C | 0902000090 |
| Principal Consumables | Hydrometer, BS718 M50SP, 0.700 to 0.750, Avgas, complete with C of C | 0902000091 |
| Principal Consumables | Hydrometer jar, glass, with pouring spout, 65mm diameter by 350mm long | 0902000099 |
| Principal Consumables | Thermometer ASTM12C/ IP64C, minus 20 to plus 102 degC, blue spirit filled (non hazardous), complete with C of C | 0902000080A |
| Principal Consumables | Bonding cable, Copper core, clear PVC cover | 0100212001 |
| Principal Consumables | Bonding cable, Copper core, high visibility green transparent PVC cover | 0100212005 |
| Principal Consumables | Bonding clip, Raco 70mm, Brass with insulated grips | 0100213001 |
| Principal Consumables | Electric deadman handswitch, no cable | 0100400010 |
| Principal Consumables | Deadman switch replacement Reed switch element | 0100400011 |
| Principal Consumables | Coiled suzie cable (approx. 14m fully extended) | 0100400100 |
| Principal Consumables | Niphan 2 pin plug (with strain relief gland fitted) | 0100400311 |

|--------------|--|-------------|
| Fuel Testing | Water Detector Capsules | 0902000110 |
| Fuel Testing | Syringe, 5ml Nylon, reusable, for use with water detector capsules | 0902000120 |
| Fuel Testing | Syringe, 5ml PE, no internal seal, for use with water detector capsules | 0902000125 |
| Fuel Testing | Syringe, 5ml Nylon, reusable, reverse action (one handed operation) for use with water detector capsules | 0902000127 |
| Fuel Testing | Water finding paper, 3/8" wide by 5.1/2" long | 0902000130 |
| Fuel Testing | Water finding paste, Kolor Kut | 0905003908 |
| Fuel Testing | Fuel finding (Ullage) paste, Kolor Kut | 0905013221 |
| Fuel Testing | Fuelstat Resinae Plus | 0901000012 |
| Fuel Testing | Anti-Icing additive test kit | 6002B/2000 |

|-------------------------------|---|-------------|
| Fuel Contamination Monitoring | Single test membranes, Colourmetric contamination testing, complete with support pads, GTP1983 | 6002198300 |
| Fuel Contamination Monitoring | Matched weight membrane pairs, Gravimetric contamination testing, GTP1984 | 6002198400 |
| Fuel Contamination Monitoring | Plastic monitors, non castellated, loaded with single membranes for Colourmetric testing and support pads, GTP1985 | 6002198500 |
| Fuel Contamination Monitoring | Plastic monitors, non castellated, loaded with matched weight membranes for Gravimetric testing and support pads, GTP1986 | 6002198600 |
| Fuel Contamination Monitoring | ASTM colour standards book | 6002107401 |
| Fuel Contamination Monitoring | Tweezers, membrane handling, locking | 6002209900 |
| Fuel Contamination Monitoring | Contamination test kit, Mini Monitor, Gammon | 6002017200 |
| Fuel Contamination Monitoring | Contamination test kit, Multi Mini monitor, Gammon | 6002117200 |
| Fuel Contamination Monitoring | 10 litre sampling bottle. graduated, bonded | 08PP18569 |

|---------------|--|-------------|
| Fuel Sampling | Glass jar, square, 3.5 litre capacity, clear, wide neck, with screw cap and seal | 0902000030 |
| Fuel Sampling | Special packing for glass jar | 0902000031 |
| Fuel Sampling | Replacement screw cap with seal for 3.5 litre glass jar | 0902000035 |
| Fuel Sampling | Wire cage for 3.5 litre glass jar, plastic coated, with carrying handle | 0902000040 |
| Fuel Sampling | Wipes, 240mm X 420mm | 0902000032 |
| Fuel Sampling | Stainless Steel bucket, 8 litre, low profile, no base ring, ungraduated, no bonding wire and clip | 0902000001 |
| Fuel Sampling | Stainless Steel bucket, 8 litre, low profile, no base ring, ungraduated, with bonding wire and clip | 0902000002 |
| Fuel Sampling | Stainless Steel bucket, 10 litre, with base ring, graduated, no bonding wire and clip | 0902000003 |
| Fuel Sampling | Stainless Steel bucket, 10 litre, with base ring, graduated, with bonding wire and clip | 0902000004 |
| Fuel Sampling | Stainless Steel bucket, 12 litre, with base ring, graduated, no bonding wire and clip | 0902000005 |
| Fuel Sampling | Stainless Steel bucket, 12 litre, with base ring, graduated, with bonding wire and clip | 0902000006 |
| Fuel Sampling | Stainless Steel bucket, 15 litre, with base ring, graduated, no bonding wire and clip | 0902000009 |
| Fuel Sampling | Stainless Steel bucket, 15 litre, with base ring, graduated, with bonding wire and clip | 0902000010 |
| Fuel Sampling | Funnel 10" diameter, Stainless Steel, no bonding wire and clip | 0902000013 |
| Fuel Sampling | Funnel bonding wire and clip, supplied loose ready to fit | 0902000014 |
| Fuel Sampling | Jug, 2 litre, Stainless Steel graduated | 0902000068 |
| Fuel Sampling | Sample retention container, 1 litre, cylindrical, Tinplate epoxy lined internally, 2" Trisure closure, IATA approved | 0902000050 |
| Fuel Sampling | Sample retention container, 5 litre, cylindrical, Tinplate epoxy lined internally, 2" Trisure closure, 181mm diameter by 258mm high, IATA approved | 0902000058 |
| Fuel Sampling | Sample retention container, 5 litre, cylindrical, Tinplate epoxy lined internally, 2" Trisure closure, IATA approved | 0902000060 |
| Fuel Sampling | Transit carton to suit 5 litre cylindrical IATA container | 0902000061 |
| Fuel Sampling | Vermiculite absorbent loose fill packing for fuel sample containers | 0902000062 |
| Fuel Sampling | Sample retention container, 2.5 litre, Tinplate, unlined internally, single trip only, with wire sealable screw cap and carrying handle | 0902000065 |
| Fuel Sampling | Sample retention container, 5 litre, Tinplate, epoxy lined internally, single trip only, with wire sealable screw cap and carrying handle | 0902000066 |

| Tank Sampling | Tank sample thief, weighted, Stainless Steel, 1 litre capacity, without rope | 0902000070 |
| Tank Sampling | Rope for tank sample thief | 0902000071 |
| Tank Sampling | Bacon bomb tank bottom sampler, 16oz | 6002TL3573 |
| Tank Sampling | Tank dip tape, Carbon Steel, 10 metre, IPM pattern, complete with weight and winding frame | 0902000075 |
| Tank Sampling | Tank dip tape, Carbon Steel, 15 metre, IPM pattern, complete with weight and winding frame | 0902000076 |
| Tank Sampling | Tank dip tape, Carbon Steel, 20 metre, IPM pattern, complete with weight and winding frame | 0902000077 |
| Tank Sampling | Tank dip tape, Carbon Steel, 25 metre, IPM pattern, complete with weight and winding frame | 0902000078 |

| Seals, Sealing Wire and Pliers | Sealing wire, fine, galvanised Steel, on a plastic bobbin | 0902000300 |
| Seals, Sealing Wire and Pliers | Sealing wire, medium, galvanised Steel, on a plastic bobbin | 0902000310 |
| Seals, Sealing Wire and Pliers | Sealing wire, medium, Copper, on a plastic bobbin | 0902000315 |
| Seals, Sealing Wire and Pliers | Sealing wire, fine, galvanised Steel, 20cm long cut lengths | 0902000320 |
| Seals, Sealing Wire and Pliers | Sealing wire, fine, galvanised Steel, 40cm long cut lengths | 0902000322 |
| Seals, Sealing Wire and Pliers | Lead seal, 10mm diameter, parallel hole | 0902000210 |
| Seals, Sealing Wire and Pliers | Lead seal, 11mm diameter, cross hole | 0902000211 |
| Seals, Sealing Wire and Pliers | Lead seal, 12mm diameter, parallel hole | 0902000220 |
| Seals, Sealing Wire and Pliers | Lead seal, 14mm diameter, parallel hole | 0902000230 |
| Seals, Sealing Wire and Pliers | Plastic seal, yellow, 10mm diameter, parallel hole | 0902000270 |
| Seals, Sealing Wire and Pliers | Plastic seal, Griptie, with integral tie and numbered tag | 0902000260 |
| Seals, Sealing Wire and Pliers | Sealing pliers, plain dies, to suit 10mm and 12mm diameter seals | 0902000360 |
| Seals, Sealing Wire and Pliers | Sealing pliers, plain dies, to suit 11mm and 14mm diameter seals | 0902000380 |
| Seals, Sealing Wire and Pliers | Locking wire, annealed Stainless Steel, 0.71mm diameter, to lock quick disconnect screws | 0902000330 |
| Seals, Sealing Wire and Pliers | Locking wire twisting pliers | 0902000350 |

| Hydrometers and Thermometers | Hydrometer, BS718 M50SP, 0.775 to 0.825, Jet A1, complete with C of C | 0902000090 |
| Hydrometers and Thermometers | Hydrometer, BS718 M50SP, 0.700 to 0.750, Avgas, complete with C of C | 0902000091 |
| Hydrometers and Thermometers | Hydrometer, BS718 M50SP, 0.750 to 0.800, complete with C of C | 0902000092 |
| Hydrometers and Thermometers | Hydrometer, BS718 M50SP, 0.800 to 0.850, complete with C of C | 0902000093 |
| Hydrometers and Thermometers | Hydrometer, BS718 M50SP, 0.850 to 0.900, complete with C of C | 0902000094 |
| Hydrometers and Thermometers | Hydrometer jar, glass, with pouring spout, 65mm diameter by 350mm long | 0902000099 |
| Hydrometers and Thermometers | Hydrometer jar, plastic, with pouring spout, 55mm diameter by 345mm long | 0902000098 |
| Hydrometers and Thermometers | Hydrometer jar, plastic, with overspill cup, 43mm diameter by 385mm long, GTP1073 | 6002107300 |
| Hydrometers and Thermometers | Thermometer ASTM12C/ IP64C, minus 20 To plus 102 degC, complete with C of C | 0902000080 |
| Hydrometers and Thermometers | Thermometer ASTM12C/ IP64C, minus 20 to plus 102 degC, blue spirit filled (non hazardous), complete with C of C | 0902000080A |
| Hydrometers and Thermometers | Thermometer IP53C, 0 to plus 80 degC, complete with C of C | 0902000100 |
| Hydrometers and Thermometers | Thermometer IP53C, 0 to plus 80 degC, blue spirit filled (non hazardous), complete with C of C | 0902000100A |
| Hydrometers and Thermometers | Thermometer IP49C, minus 15 To plus 40 degC, complete with C of C | 0902000081 |
| Hydrometers and Thermometers | Thermometer IP49C, minus 15 to plus 40 degC, blue spirit filled (non hazardous), complete with C of C | 0902000081A |
| Hydrometers and Thermometers | Thermometer IP39C minus 1 to plus 38 deg C, 0.1 deg C steps 450mm long, complete with C of C | 0902000084 |
| Hydrometers and Thermometers | Thermometer ASTM63C, minus 8 to plus 32 deg C, 0.1 deg C steps 384mm long, complete with C of C | 0902000087 |
| Hydrometers and Thermometers | Protective sheath to suit ASTM12C/IP64C thermometer, Brass | 0902000085 |
| Hydrometers and Thermometers | Protective sheath to suit IP49C thermometer, Brass | 0902000086 |
| Density Calculator | Density correction calculator disc, suitable for JET A1 and Avgas | 60022727EF |
